

Resident location	Franwill	Manor Farm Close	Old Bakery Close	Gap Policy	Settlement Boundary	Other
Boyte Road				Important gap is a priority		Speed of vehicles is my only concern
Letton				Keep the gaps		
Boyte Road						Don't agree with further development but the three small sites have less impact on surroundings
Chapel Lane					Bought house on basis of settlement being settled and	
Marsh Way	Franwill site should just be for housing. Industrial units introduce smoke and noise into an otherwise residential area		If AONB's choice is land west of Old Bakery close I agree with this as it has least impacts the village.			
Marsh Way	Any development here would need to look at road widening. Traffic has already increased because of the gym. I already spend a great deal of time reversing up Down Road and Arlecks Lane and it is frustrating.				Do not agree. If needs be houses could be built on left hand side of main road when heading to Blandford	

Boyte Road	Concerns over road access to Franwill site. Arlecks Lane is already too narrow to accommodate construction traffic. Bottom of Down Road is a pinch point with room for only one vehicle at a time. There will be considerable disruption during the					
Walters Drive						All 3 sites appear not to overwhelm the village. I would hope there would be some affordable housing to encourage a younger generation.
Letton						Are the dwellings needed? Spread the sites into 6 and introduce imaginative construction including self-build
Old Bakery Close			Access via Priory Field could limit parking there and could mean more parking in Old Bakery Close			
Manor Farm Close	Reservations about road access	Reservations about the road access from Manor Farm Close				

Manor Farm Close	Access to Church Road needs great consideration	Access to Church Road needs great consideration				
Old Bakery Close			Impact will be enormous affecting outlook and devaluing our property, also causing a huge amount of mess			Will the infrastructure of the local town cope with all the extra buildings?
Manor Farm Close		Should be kept as open space as it is beautiful and presents a good view of village and Church.			It is difficult to approve or reject	Does Pimperne really need this many houses?
Old Bakery Close			Lack of access via playing fields and nursery school would be greatly affected			
School Lane		Further development here will have a negative impact on the outlook of the village. It also provides an opportunity for further future expansion.				
Manor Farm Close		Development should not be too close to existing development.				Consideration of school places, GPs, dentists. Housing design should be in-keeping with rest of village.
Manor Farm Close	Agree with new boundary	Existing open field is highly valued, not only by MFC residents	Agree with proposals			

Walters Drive						It would be nice to see some affordable housing for local people
Old Bakery Close			Would there be a requirement or opportunity to relocate the sports fields slightly further away from village? Flying cricket balls already cause problems and these could increase for the proposed new site and the access road.			Broadly in agreement but: has account been taken of provision of local jobs for new residents? Would it be possible to provide a development for older people?
