

## Walk 5 Paradise Farm (4 miles)

From the Village Hall turn right into Newfield Road and then keep walking straight ahead for about half a mile. Where Newfield Road curves to the right, take the stony track which forks to the left (This was the old road to Shaston (Shaftesbury)). Continue uphill past the point where the Jubilee Trail intersects on the left. Carry on straight ahead following the red way marker towards a thicket at the brow of this section of the path. At this point we suggest you stop awhile and turn round to admire the view of the church and village nestled in the valley below. The track then passes a barn on the right after which the track changes from gravel to grass.

Before reaching Paradise Farm on the left there are lovely views through openings in the hedge on the right showing Pimperne Wood and Ferns Plantation in the distance.

Continue walking until reaching a minor road, turn right and follow the road downhill for about 1/2 mile until the road curves to the left. The road continues on uphill, but you need to turn right at this point along the waymarked footpath. Continue down hill along the path into Pimperne Fox Warren, past Keepers Cottage on the right, bear left until reaching the metalled road, Newfield Road, which leads straight ahead to the Village Hall.
