Dear Ms Oxlee

Pimperne Neighbourhood Plan draft document and SEA

Thank you for consulting the Environment Agency on the above mentioned documents. Our apologies for the delay in responding on this matter.

We have reviewed the document and consider that they accord with the principles set out in the National and Local Planning Policies, including flood risk Sequential test.

We therefore have no objection to the plan or SEA report under our remit. We would highlight that where policies refer to safe access in regards to flood risk, then this should be dealt with by the Local Authority Emergency Planners.

Yours sincerely

MICHAEL HOLM
Planning Advisor - Sustainable Places
