

eConsult

With the uncertainty surrounding Coronavirus looking likely to continue for the near future, we are asking our patients to consider using our online consultation platform, eConsult. This is a free service where you can submit a form online to receive help for new and ongoing non-urgent medical conditions and administrative help such as a sick note or a test result.

We know our phone lines can be busy in peak times. With eConsult, you can fill in and submit a form when it suits you. You are guaranteed to have heard from the surgery by the end of the following working day.

eConsult also has a comprehensive database of information on conditions to self-help and suggestions on over the counter medication.

In our most recent survey, 92% of users were satisfied with the eConsult and would recommend it to their friends and family.

To submit an eConsult and to access the medical conditions database, please go to our website, www.theblandfordgrouppractice.co.uk, and click on the eConsult tile on our homepage. The forms can be submitted from your phone and you can also submit them on behalf of your child if they under 18.
